### **Vision of the Institute**

“To Excel in the Field of Pharmaceutical Education and Research by Constant Innovative Efforts in Order to Achieve the Quality Standards”

### **Mission of the Institute**

To empower the pharmaceutical industry and academics by producing skilled and innovative manpower that is competent for playing its role as an integral part of health services team. To instill the abilities of creativity, scientific temperament, dynamism, social awareness and inquisitiveness for knowledge, in order to ensure overall development in a highly competent environment.

We have directed our endeavors to the process of realizing our Vision and Mission to ensure that our students excel with competence. Our Vision and Mission are a result of extensive analysis of the knowledge and skills expected from pharmaceutical manpower in 21st century. We critically examined our strengths and weaknesses and the factors affecting them in order to achieve our aimed objectives by converting our threats into opportunities. The stakeholders of the institute are actively and progressively involved in creating, evolving and implementing the Vision and Mission of the institute so as to achieve our intended goals in a time bound way.

## Objectives

The objective of the institute is to have necessary instruments and resources to deliver technical manpower that not only meets the local industry requirements. We aim to provide quality technical education facilities to every student admitted to the institute along with the development of all round personality of the students.

To be a technically high and professional institute, we ensure to provide most competent staff and excellent support facilities like well-equipped library, lecture theatres, computer and scientific laboratories fitted with high quality equipment. The institute organizes in-house and outside training programmes, seminars, conferences and workshops on continuous basis and encourages participation of staff and students to improve its Academic Pedagogy through innovative ideas and techniques in order to impart quality education.

To fill the perception gap between expectation of industry and preferences of academia through industry institute cell, we organize interactive sessions in the campus.

To produce competitive professionals for meeting the upcoming demand of the nation, the institute will always remain dedicated to the social causes of the public of this region.

## Background

Khalsa College Society Amritsar was registered in 1892 under Societies Registration Act XXI of 1860 as a non-profitable, non-commercial, charitable society. The Society started Khalsa Middle School as its first Educational Institution in 1893. The foundation of famous monumental and heritage building of Khalsa College was laid on March 05, 1892 and the Khalsa College Council came into being in April, 1892. Khalsa College started its graduate classes in 1897 and it was affiliated to Calcutta University. This monumental and world-famous piece of architecture is no doubt spacious in dimensions and the main college building masterpiece of architecture, is a blend of Mughal, Rajput and Sikh Styles. The college campus covers an area of over 330 acres and provides latest amenities of higher education.

The promoters of the society are having good resources, good social status and goodwill in the city and nearby area.
