Description of the seminar on Research perspectives in Health Care and Pharmacy

A seminar on "Research perspectives in Health Care and Pharmacy" was organized by Khalsa College of Pharmacy on 15th October 2018. At this occasion Arvinder Kaur, Lecturer, Govt. Polytechnic College, Amritsar was invited as a resource person to share her expertise with the students of B.Pharmacy and M.Pharmacy students. She emphasized that research evidence should be used to identify new areas for improved health service delivery and rigorously evaluate new services in pharmacy. Research is exploring which treatments work better for patients; we already know a lot about health, disease and medicines, but there is much more to find out. Research can answer these uncertainties. The seminar was very interesting and informative for the students.
